JOHN ROYDS, PE,
PRESIDENT

Hello ASPE Atlanta

I hope all is well and everyone has not affected by the pollen like I have. It was kicking my rear and knocked me out of attending the March technical dinner meeting. Thanks to all who attended the meeting, the Atlanta Chapter appreciates your support.

Please mark your calendar and plan to attend the next diner meeting at Villa Christina on April 26. Look for your email invitation in your email inbox. Reminder if you register for a dinner meeting through Cvent and have to cancel, you can do so through the Cvent system. Also, if you cannot attend a meeting and you do not want to receive those pesky email reminders every three days, you can simply open the email and check the red 'X' beside the NO on the Cvent invitation.

The Certified in Plumbing Design (CPD) Exam test dates are April 15th or 16th, 2011 at various testing sites. The deadline to register was Friday, April 1st as Society extended it from the original date. On March 23, ASPE began offering a <http://www.aspe.org/CPDReviewWebinar> four-part webinar series to help people study for the 2011 CPD Exam. You can still register for the remaining webinars to enhance your familiarity with the CPD exam. The webinars are one hour long and conclude with sample problems. Registration for the seminars closes at 5 PM CT the day prior to each webinar session. If you are a current ASPE member of the Atlanta Chapter in good standing and you pass the CPD exam, the Atlanta Chapter will reimburse your CPD exam fees.

You should know by now, the Atlanta Chapter is going to switch the golf outing and the product show. This will move the golf outing to September and into hopefully some cooler temperatures and move the product show to June. In order to do this and due to the tough economic times, the board does not feel it will be fair to hold a product show in June 2011 since we had one in November of 2010. Therefore to make the switch, the product show will be postponed in 2011 and the next Atlanta Chapter product show will be in June of 2012. The 2011 golf outing will be sometime this fall. The board is getting very close to selecting the location of the fall outing, stay tuned for details.

I am pleased to inform you that the Atlanta Chapter Board has decided to hold a contest to sponsor two members of our organization to attend the 2011 ASPE Technical Symposium in Orlando, FL October 27-30, 2011. Two lucky Chapter members will receive complimentary round trip airfare, hotel accommodations, and the opportunity to attend the Symposium. The winners will be Atlanta Chapter members of any category (except student), in good standing, that are active in our Chapter. The members with the most total points will be put into the final drawing, based on a point system with five categories, 5 points for Active Attendance, 5 points for Newsletter Article Questions, 15 points for New Member Recruitment, 5 points for Committee Members, 5 points for Writing Articles. The drawing will be held at our September meeting, and all points shall be earned prior to and including the September meeting. The 5 members with the highest number of points will be entered into the drawing. Two names will be drawn and winners must be present to win. This is a fantastic opportunity to become more active in our Society at the chapter level. We look forward to your continued involvement and hope that each of you actively participates in the contest. Newsletter question for Technical Symposium contest – What city is the Technical Symposium being held in this year? Please email answers to Christopher Rohling at vp-membership@aspe-atlanta.com. Please feel free to contact me or any of the Atlanta Chapter board members with questions or comments.

MILESTONE DATES:

- April 26 – April Dinner Meeting at Villa Christina Restaurant – Utility Controllers
- May 24, 2011 – May Dinner Meeting at Villa Christina Restaurant - 2011/2012 Chapter Officer Elections & Innovation of the Year Award
- Fall 2011 - Atlanta Chapter Golf Outing – Coming to a course near you.
- October 27-30, 2011 – ASPE Technical Symposium – Orlando, Florida

CHRISTOPHER ROHLING, CPD
VP MEMBERSHIP

Spring is here. I hope everyone is able to enjoy the warm weather and can get outside to do something new. Spring is also the time of year to make changes and re-evaluate to see if your 2011 plans are being executed. Going into this year I was tremendously enthused that we may see things pick up and it is, in certain areas. One of those areas is ASPE Atlanta chapters. We retained all of our members last month and recruited two more. What an outstanding display of chapter participation! Our members and our board are to thank for helping on both accounts. I look forward to growing our membership this year both in affiliate members and in our full and associate members. ASPE offers a lot of benefits and this is a great way to push for the success of our organization and industry. We are the sixth largest chapter with 201 members.

One thing I wanted to write about this month is a story I would like to share. I was discussing the overall industry and some challenges with a contractor. In discussions he mentioned that in his industry and his organization they take the extra step to educate everyone possible. Contractors, inspectors, wholesalers, engineers, municipalities, and vendors are all invited to participate and many choose to. As a contractor he really enjoys inviting his competition to the meetings so that they are educated on all current trends, requirements, and best practices. In an environment where everyone plays by similar rules, helps him and his competition keep their industry focused on delivering quality services with maximum value and safety.

Our organization is setup for the same type of environment. We have wonderful technical sessions and I would like to challenge our members to not only help grow our vendor and engineer base, but also reach out to contractors, inspectors, wholesalers, and municipalities. With everyone being involved in ASPE, networking, and sharing best practices, we can bring our profession forward and ensure all of our competition is operating by the same sets of high standards. This month, I am going to reach out to some government members to see if we can find a common ground, I encourage you to reach as well.

Just a reminder, ASPE is enforcing their policy on membership follow up. Please be patient with our volunteer staff and Board members, who will be making calls and emails to see if you are planning on renewing. For every member whose membership is expiring at the end of the month, our Chapter is sending an email to the last known address and then following up with a phone call. I understand that many of you may have renewed prior to this phone call, but please understand that the Atlanta Chapter only receives membership reports once a month. Our information is only current one day a month, please be patient with our volunteers.

If you are receiving this newsletter and have previously been a member and let your membership lapse, please rejoin. We would love for the Atlanta Chapter to strengthen itself and move back to third place in total membership.

Our next event is the April chapter meeting. This is held on the fourth Tuesday of the month. We all hope to see you at Villa Christina.

I am pleased to announce that our newest member this month is Larry Henry (Patterson Pump). We appreciate you joining and look forward to seeing you at the next meeting. I would also like to thank Bob Davis of Heatlink for attending the last meeting. He is a returning new member and already active.

Please be aware that ASPE has a policy that could help members that have been directly affected by the current economic situation. If you have lost your job, then you are eligible to receive three months membership at no cost. This can be renewed four times for a maximum of one year. As soon as you become employed then we simply move your membership back to its current level. If you have been affected please, please contact me directly and I can help get you the correct forms. We want to help our membership that help our chapters, this is YOU.

The question this month is how many members does the ASPE Atlanta Chapter have? Please email your response to vp-membership@aspe-atlanta.com.

STEVE E. MASTLEY, C.P.D.
VP LEGISLATIVE

Hello members. In looking for substantive and informative information to share with chapter members, I visited the Georgia DCA (Department of Community Affairs) to get a hint of upcoming legislation affecting plumbing engineers and designers. Outside of the code changes that went into effect on January 1, 2011 and my reporting on the proceedings for House Bill HB370, no news may be good news. However, it may be noteworthy to repeat an excerpt from a previous newsletter article that a free digital copy of the 2009 International Energy Code (2009 IECC) can be downloaded. Visit ICC's website to download your free copy compliments of the U.S. Department of Energy (DOE) at URL:www.iccsafe.org/store/pages/doeregistration.aspx.

The Georgia Supplements and Amendments to the 2009 IECC can be found on the web: <http://www.dca.ga.gov/development/constructioncodes/programs/codeAmendments.asp>.

The next meeting of the State Codes Advisory Committee is scheduled for Thursday, April 21, 2011 at 10:00am at the offices of DCA here in Atlanta. On Thursday, May 12, 2011 at 10:00am, the Industrialized Building Advisory Committee will convene at the DCA offices. Anyone interested in attending any of these meetings contact me and I will forward any additional information I receive about the proceedings.

And last but not least, the race is on to see what members will earn the educational opportunity of a lifetime with a free trip to the Technical Symposium in October. Active participation in chapter meetings and events will help so stay plugged in and reap the benefit.

Mark your calendars and bring a coworker for our next monthly membership meeting on Tuesday, April 26, 2011.

JIM ALLEN, CPD, LEED® AP
VP TECHNICAL

Well, by the time you read that my alma mater, the University of Kentucky, will be in college basketball's Final Four in Houston. It is a program that is the center of the college basketball universe. The Wildcats can boast more wins than any other program in the nation and 7 National Championships. Hopefully, #8 will be hanging from the rafters of Rupp Arena early this month. From this legacy of excellence, all Kentuckians

derive a sense of pride for being even remotely affiliated with the 'Cats, from being an alumni to even just wearing the T-shirts.

We all take pride in our work and we all design with the excellence of the basketball Wildcats. Maybe we should hand out ASPE T-shirts and get some cheerleaders to cheer us to victory or a deadline. Hey, I'm kinda liking this idea. Maybe a pep band in the break room, a mascot running around messing with the electrical guys, and me pulling a job out of the fire at the last second. At the end of each job would be a trophy and adoring fans....well, that's what happens at my office...what about yours?

I still have not received any applications for the "Innovation Award of the Year" Award. This is your chance to make it to the finals and win that trophy and make history. Who knows what will happen when this award is won.....cheerleaders, pep bands, maybe an interview with ESPN, er, I mean ASPE, fame, fortune, riches. You could become more famous than Steve Mastley! Get those applications in, the clock is ticking until May Madness.

ASPE Atlanta would like to thank Paul Conrad of Mansfield plumbing for presenting the Water Sense Program in March. This month in keeping with water conservation, we will get part 1 of a 2 part series in Low Flow Showerheads and End user perceptions. Come on out to the program this month and see low flow showerhead go, well, um, head to head!

**BOARD OF GOVERNORS
CHAIRMAN'S MESSAGE**

We're about two months away from election for officers for the ASPE Atlanta Chapter Board. As Board of Governors Chair, it's my responsibility to put together the ballot for the Chapter's officers. There is a sample ballot in this newsletter, which list the current candidates. It's not too late to add another name to each Board position.

If you've thought about contributing a little more with the Chapter, this is a good chance to demonstrate that volunteer spirit. By definition, the word "volunteer" means no pay for all of the hard work. However, having served on the Board for a number of years, the rewards, while not monetary, are defi

APPLICATION FOR COMPASSION WAIVER OF SOCIETY DUES

Name _____
(First) (Middle) (Last)

Residence Address _____
(Street Address)

(City) (State) (Zip Code)

(Telephone Number with Area Code) (Fax Number with Area Code) (E-mail Address)

I Have Have not previously applied for Compassion Dues Waiver from the Society.

Time Period for Dues Deferment: From: _____ To: _____
Month/Day/Year Month/Day/Year

May not exceed a three (3)-month time period.

Reason for Request (Applicant must be specific. If out of work, indicate last position and name of company worked for.):

Certification by Member Requesting Compassion Dues Waiver

The undersigned certifies that all statements made herein are true and, if granted a deferment and waiver of the Society dues, agrees to abide by the conditions stated herein.

Signature of Member Date

Certification of Chapter President (or, for at-large members, Society Vice-President, Membership)

The undersigned certifies that all statements made herein by the applicant are true and requests that the member be granted a deferment and waiver of the Society dues for the period stated herein.

Signature of Chapter President (Society Vice-President, Membership) Date

COMPASSION WAIVER OF SOCIETY DUES POLICY

Any member of ASPE may request, through the individual's Chapter President or, for the at-large member, the Society's Vice-President, Membership, a Compassion Waiver of Dues. At the discretion of the Society's Board of Directors, a Compassion Waiver of Dues may be made available to any member of the Society who has been out of work for a period of three (3) months or more or has otherwise suffered a grievous reduction in income due to illness, disability or the like and is unable to pay the annual Society dues amount.

A Compassion Waiver of Dues will only be granted for a maximum of a three (3) month increment, with a maximum amount of four (4) waiver renewals permitted. Each Compassion Waiver of Dues request must be submitted on a Request for Dues Waiver form (see following page) and the form must be signed by the appropriate Chapter President (or Society Vice-President, Membership) for each dues waiver renewal request. It shall be the responsibility of the member and the Chapter President to immediately inform the Society's Membership Services Manager or Executive Director when the condition for which the Compassion Waiver of Dues has been granted ceases to exist.

The annual dues payment for a member granted a Compassion Waiver of Dues shall be deferred during the waiver period. Furthermore, the amount of annual dues that shall be considered outstanding and due by the member at the end of the waiver period shall be reduced by multiplying the annual dues amount that has been deferred by 1 minus the decimal percent calculated by dividing the number of months of the granted waiver period(s) by 12. Each member granted a Compassion Waiver of Dues shall: continue to enjoy all benefits of Society membership; retain the rights to his/her membership number; be retained on the Society's rolls with his/her original starting membership date.

During the period that a member has been granted the Compassion Waiver of Dues, the individual will not be eligible to receive any revised or new *Data Book* volumes, the member will not be included in the chapter Delegate count for the convention and, as there are no dues being paid, there will be no dues rebate to the chapter for that member.

Sales/Marketing Opportunities For Manufacturers And Representatives And Engineers

THE ATLANTA CHAPTER BOARD IS ANNOUNCING FIVE DIFFERENT TYPES OF OPPORTUNITIES FOR REPS AND/OR MANUFACTURERS WANTING TO PROMOTE THEIR PRODUCT LINES:

- 1). **NEWSLETTER SPONSORSHIP:**
\$100; COMPANY LISTINGS APPEARS IN EACH OF 12 MONTHLY ISSUES.
- 2). **NEWSLETTER INSERT:**
\$125 SINGLE PAGE INSERT APPEARS IN ONE (1) ISSUE.
- 3). **MONTHLY MEETING TABLE TOP DISPLAY:**
\$100/MEETING
- 4). **ASPE ATLANTA CHAPTER PRODUCT SHOW:**
\$500/BOOTH ASPE MEMBERS
\$650/BOOTH NON-ASPE MEMBERS.

Meeting Times

FOURTH TUESDAY OF EACH MONTH

September — May

- Social ----- 6-7 pm
- Dinner ----- 7-7:30 pm
- Business ----- 7:30-7:45 pm
- Program ----- 7:45-8:45 pm

Dinner Prices

- Members with pre-registration ----- \$25
- Non members/members at the door ----- \$30

Q: How does a restroom figure into LEED® certification?

A: One way is with High-Efficiency fixtures and Flushometers that reduce water usage by as much as 50%.

Find out how Sloan can help you meet LEED Water Efficiency criteria. Request Sloan's Maximizing LEED Water Efficiency Solutions brochure at 866-663-2289 or visit www.sloanvalve.com.
