JOHN ROYDS, PE,
PRESIDENT

Hello ASPE Atlanta, Happy Holidays and Merry Christmas! I hope all of you have the opportunity to spend some quality time with your friends and family this holiday season.

Reminder – the Atlanta Chapter will NOT be having a product show this year since we have switched the time of year for the golf outing and the product show. The next Atlanta Chapter Product Show will be in June of 2012. Stay tuned for further details.

Our November technical/dinner meeting was, well it was one of those months. Do you know how sometimes you are in the middle of something but don't really realize what is going on around you at the time. The November dinner meeting was like that to me. We have received some unpleasant mail since the meeting and looking back on the meeting realize that it might not have been totally non-propriety. So personally and on behalf of the Atlanta Chapter Board, I would like to apologize to any and all who may have been offended at the November meeting.

Also at the November meeting, Joe Messina presented a check for \$1,000.00 to Danielle Tidwell, our 2011 scholarship winner. Congratulations to Danielle.

The next dinner meeting is December 13 with Jim Allen presenting Part II of his Low Flow Shower Heads and User Perception study. Then to start off the New Year, the January technical/dinner meeting will on Tuesday, January 24th. I hope to see everyone at Villa Christina for the meeting. The cost of the dinner meetings is \$25 for an ASPE member and \$35 for non-members.

Don't forget, the 2012 GA Amendments to the International Codes become effective on January 1, 2012. That is except for the low flow fixture requirements; those become effective July 1, 2012. You may view and download the GA Amendments from the Georgia Department of Community Affairs website, <http://www.dca.state.ga.us/development/constructioncodes/programs/codeAmendments.asp> ASPE has announced the 2012 CPD exam dates. The CPD exam will be held April 19 and 20. Registration will open January 2 and close March 19. You may register online at ASPE.org.

The 2012 National Engineers week is February 19-25. Please help ASPE spread the word about Plumbing Engineering. If you are interested in contributing, please contact Pam Newman at pnewman@aspe.org

Milestone dates:

- December 13, 2011 - December Technical/Dinner Meeting – Low Flow Shower Heads Part II - Villa Christina Restaurant
- January 24, 2012 - January Technical/Dinner Meeting – Hydronics in the Real World (no it's not an MTV special) - Villa Christina Restaurant
- February 28, 2012 – February Technical/Dinner Meeting – Cruise Ship Design - Villa Christina Restaurant

www.aspe-atlanta.com

STEVE E. MASTLEY,
C.P.D. FASPE
VP LEGISLATIVE

I hope that everyone had a wonderful Thanksgiving Holiday. If any of you managed to lose some weight during the holiday let me know, I think I found it. Spending time with family and friends ranks way up there and I have much to be thankful for.

As I have mentioned in previous newsletter articles, when it comes to legislative issues during the holiday season, the wheels of our elected officials seem to move ever so slowly, if at all. Such is the case again this month. Not much to report on locally

but something is brewing on the horizon nationally indeed. Apparently the ICC is no fan of Rainwater Catchment. As reported from Society, their continuing efforts to jointly develop a consensus standard and gain a foothold in ICC's Green Building Code has been met with less than enthusiastic response. Rumor is, those who have nixed the proposal have no background in plumbing systems design and fall short of understanding what constitutes acceptable water quality for non potable water use. Thank goodness we as members of ASPE and our leadership at the Society level are meeting the challenge head on as a knowledgeable and reputable authority in this endeavor. In conjunction with the American Rainwater Catchment Systems Association, the development of this consensus standard will move forward. This is something that will affect everyone in the plumbing industry so get informed and get involved.

Society has a link on their website with information about Code officials in various parts of the country to be used as a reference by fellow ASPE members. The information on the State of Georgia is lacking a bit. If anyone can provide information with contact names and numbers in the metro Atlanta area and elsewhere in the State, please contact me to see if we can fill in the blanks in most areas.

Mark your calendars and bring a coworker for our next monthly membership meeting on Tuesday, December 13, 2011. Note that the meeting date is sooner in the month than our normal 4th Tuesday of the month.

ASPE Atlanta Members,

We would like to take this opportunity to address a concern over last month's ASPE Atlanta Chapter meeting. The dinner meeting presentation ended up not being a non-proprietary presentation as we all have become accustomed to. As your Chapter Board, it falls upon us to ensure that the presentations are generic in nature, but still give technical information that we all need, and that did not happen. If the presentation in any way offended you, we apologize. In light of this, we have implements new steps to help reduce the chances of this occurring again.

**Thank you all for your continued support and we hope everyone has a wonderful Holiday Season,
Your ASPE Atlanta Board.**

CHRISTOPHER ROHLING, CPD
VP MEMBERSHIP

It is that time of year again. Everyone is looking forward to Christmas and the beginning of a wonderful new year. ASPE has a one amazing event in store for our membership this month, and that is our chapter meeting. If you missed last April's "low-flow shower-head study" Part I presentation by our own Jim Allen, then you have a second opportunity to be entertained.

Jim's presentation had everyone engineers, reps, and contractors sitting on

the edge of their seats waiting to hear about the technical details of low flow shower heads in the marketplace.

His attention to detail in testing will guaranteed further insight into which product you should consider for your next project or even your own house. Please take time to join us on the new date of January 13th.

Another opportunity for you is to attend the Red and Green Scene this year. Although we as ASPE decided not join the collective organizations, they are still celebrating the year and raising money for various charities including Toys for Tots. This event will be hosted on December 8th.

As mentioned last month, the membership front continues to be challenging. Any help or leads are much appreciated. However thanks to a few of our members we will have two new members official next month. I will mention them next month both at the meeting and in the article. It is nice to have continued membership interest and we look forward to returning to membership growth.

The Bradford Sales team came in very strong this month helping boost some of our numbers. We have a few returning members as well as one new one. Please welcome Mike Fair, Brandon Summey, and Tom Walsh to the Atlanta Chapter. We look forward to seeing you at the next meeting.

We are still the sixth largest chapter, but only two members away from being the fifth largest. Please continue to seek out new membership so they can benefit from the value that WE create in the ASPE Atlanta Chapter.

Please be aware that ASPE has a policy that could help members that have been directly affected by the current economic situation. If you have lost your job, then you are eligible to receive three months membership at no cost. This can be renewed four times for a maximum of one year. As soon as you become employed then we simply move your membership back to its current level. If you have been affected please contact me directly and I can help get you the correct forms.

I am always open to new ideas on how to increase participation in the Atlanta Chapter. If you have new ideas in regards to membership or making our local chapter better, please do not hesitate to contact me at 770-715-9415 or at "Christopher.rohling@zurn.com.

JOSEPH V. MESSINA, CPD
VP EDUCATION

ASPE Members and Friends, during the November 22nd ASPE meeting I had the pleasure of giving Danielle Tidwell, our 2011 ASPE Atlanta Chapter Scholarship recipient, her check of \$1,000.00.

Danielle is the granddaughter of Harry and Mary Schnirring and the daughter of Bill and Debbie Tidwell. While attending North Gwinnett High School she was a member of the Honor Society and was on the President's List for four

years along with receiving a number of awards such as Leadership Award, Charisma Gallery Award and the Top Dawg Leadership Award just to mention a few.

She is currently enrolled at Georgia State University majoring in Psychology with a minor in Art. While attending GSU she is a member of the Honor Society and was on the Dean's List for one year and the President's List for three years. Danielle will graduate in May, 2012 with a 4.0 grade point and during our conversation before the meeting she told me that she may be attending Harvard University to work on her undergraduate degree and would like to pursue a career in Neuropsychology, working with research or cognitive behavioral therapy. As you can tell Danielle is quite a young lady and is very much deserving of our Scholarship.

Danielle, the members of ASPE Atlanta Chapter wish you good luck and God's Blessing for a great future.

FOR SALE

Ammonia Blueline Machine - Blu-Ray Model 121
Used in small consulting engineering office. Still in excellent operating condition.

Makes blueline prints on diazo paper up to 36" wide, any length. Has variable speed control, off/low/high developer control, forward/reverse switch.

Included: blueline machine (with developer lamp), gallon container of ammonium hydroxide, several packages of diazo paper.

Approximately 57"w x 16"d x 9"h (plus ammonium hydroxide container), approximately 25 lbs.

\$60 (does not include delivery)

JIM ALLEN, CPD, LEED® AP
VP TECHNICAL

Holy Mackerel! It's Christmas time already! Hope y'all are not as far behind as me. I just finished up my recertification paperwork for my CPD. Does anybody else let that sneak up on them? If you are scrambling for all your REU's and are missing some, let me know and I will get them to you. As usual, I am right at the deadline, but this time I have a day to spare! Thank goodness for Fedex.

As we enter the Holiday season, I anxiously await the "Turning on of the Heat" celebrations here at the office. It only has one setting, ON, and each year when the chance of snow flurries abounds and we risk record breaking accumulations (1/8" last Christmas), the office elves heave the magic switch to ON. Immediately, a burnt smell ruminates throughout the office as the temperature starts to rise to its winter long constant 187 degrees Fahrenheit. Carcasses of insects long since perished are hurled out of the furnace and vents and act as confetti for the ceremonial switch flipping. This explosion of heat and bug confetti is met with a chorus of yells and Nature Boy Ric Flair Wooooo's! My cohorts and I are about to start the celebrations with daily festivals! On Mondays (Mash Mondays), we all gather in the break room and place a big vat of sour mash under the supply diffuser. The heat generated by the mash and the diffuser make for an ideal climate to make our special Plumber's Brew. Then there is topless Tuesdays, where we all take our shirts off and roast marshmallows at the supply diffusers overhead in our offices. Wednesdays' are "No Pants" Wednesdays. We all go eat Mexican and then take turns sitting in our boss' office chair while he is away bringing in business. Thursdays, we all sit around with church fans and see who can come up with the best catch phrases for how hot it is. Fridays are the culmination of the week, where we put it all together. Friday are naked Fridays! We all were wearing nothing but super thuggin' straight billed baseball caps with our favorite college football teams' logo on it and flip flops. After all, its all about the plumbing and football around these parts. We partake in our week long fermented Plumbers Brew, and talk bad about Coach Boom down in Florida, Corch Uhan Meyer, the red elephant school, the ole ball coach, Ourbarn tigerbirds, and then shout the weeks best catch phrases followed by a hearty OH Lerrd!, and everybody drinks. Naked Fridays are great, especially when an unsuspecting sales rep or architect comes a callin'...lets just say the meetings are short and sweet. Steve Mastley usually tries to make it over to our office on Fridays, as he will do anything for our Plumber's Brew, at least that's why I think he's here...

Speaking of Naked and Christmas, Part II of the Low-Flow Shower head presentation will be the topic of this month's Chapter Dinner meeting. There will be plenty of hot skin using the various showerheads and the powerpoint presentation, should be great way to blow out the end of the year! Remember that this month the meeting is earlier than normal, the 13th, so we can avoid the week of Christmas.

Wooooo! It's hotter-n' new love! OH Lerrd!

Merry Christmas, Y'all!

STRUCTURAL NOTES:

GENERAL:

- ALL TREES OVER 6'-0" SHALL COMPLY WITH THE 1988 EDITION OF IRC, CBC, UMC, UPC, ALL ADA COMPLIANCY STANDARDS, AND ALL RESTRICTIONS PUT FORTH IN THE PROJECT EIR.
- LOADS:**
WIND LOAD = (90 MPH) BASIC WIND SPEED EXPOSURE C
SEISMIC LOAD = ZONE 4 WITHIN 2 km OF SEISMIC SOURCE B FAULT
- THIS PROJECT REQUIRES A CLASS "B" LICENSE.
- CHRISTMAS TREE SPRAYED WITH FLAME RETARDANT, THEN SCENTED WITH FINE AEROSOL TO HIDE THE FOUL STENCH OF FLAME RETARDANT.
- EXTENSIVE SEISMIC STUDIES TO BE CARRIED OUT BY THE CONTRACTOR TO ENSURE THAT TREE IS PLACED IN A GEOLOGICALLY SECURE AREA.
- INSTALLATION OF THIS PROJECT DOES NOT GUARANTEE PERSONAL JOY, MERRIMENT, OR OTHER TYPICAL EMOTIONAL FEELINGS OF THE HOLIDAYS.
- USE OF ALCOHOLIC BEVERAGES MAY INCREASE OVERALL MERRIMENT BUT SHOULD NOT BE CONSUMED UNTIL TREE IS INSTALLED AND ELECTRICAL ITEMS PLUGGED IN.
- NO DUCT TAPE WITHOUT PRIOR APPROVAL BY PROFESSIONAL ELF.

METAL:

- ONLY 8d NAILS ARE TO BE USED
- ALL METAL BRACES AND CLIPS TO BE SIMPSON BRAND OR APPROVED EQUAL AND TO BE INSPECTED BY A CERTIFIED P.E. (PROFESSIONAL ELF)

CONCRETE:

- IF CONCRETE IS BEING USED THEN YOU'VE DONE SOMETHING WRONG

MITIGATION NOTES:

- CUT TREE SHALL BE REPLACED BY NATIVE SPECIES AT 1:1 RATIO WITHIN 50 FEET OF ORIGINAL CUT TREE.
- MONTHLY MONITORING REPORT TO BE SUBMITTED TO ENSURE A MIN. 50% SURVIVAL RATE BY FOLLOWING HOLIDAY.
- MONITORING REPORT SHALL INCLUDE PARTRIDGE SURVEY RESULTS.
- NO ELVES ARE TO BE HARMED DURING TREE REMOVAL, TREE CONSTRUCTION, AND TREE REHABILITATION.
- CONTRACTOR TO SUBMIT REDEEMER EXERCISEMENT MANAGEMENT PLAN.

NOTES:

- ROOF LIVE LOADS: ROOF MUST BE CAPABLE OF SUPPORTING 8 TINY REDEEMER, ONE LOADED SLEIGH, AND ONE OVERWEIGHT MAN.
- WINZLER AND KELLY IS NOT RESPONSIBLE FOR ANY INJURIES THAT OCCUR DURING CONSTRUCTION OF ROOF HOLIDAY COMPLIANCE OR DURING PRESENT DELIVERY. USE OF NOTE 7 IS APPLICABLE.
- ROOF TOP DECORATIONS, LIGHTS, AND HOLIDAY ITEMS TO BE INSTALLED BY OWNER AND TO EXCEED NEIGHBORS DECORATIONS IN THE "SPIRIT" OF THE HOLIDAYS.

NOTE: LOCATION OF EXISTING STRUCTURES ARE FROM THE BEST INFORMATION AVAILABLE. EXACT LOCATION AND COMPLETENESS ARE NOT GUARANTEED. ADDITIONALLY, HOLIDAY MERRIMENT TO DEPEND ON THE BEHAVIOR OF THE INDIVIDUAL. IF THE CONTRACTOR KNOWS SOMEONE TO BE NAUGHTY #6/2ME SHALL NOTIFY THE NEAREST ELF A MIN. OF 48 HOURS PRIOR TO ANY GIFT GIVING OR MERRIMENT.

APPLICATION FOR COMPASSION WAIVER OF SOCIETY DUES

Name _____
(First) (Middle) (Last)

Residence Address _____
(Street Address)

(City) (State) (Zip Code)

(Telephone Number with Area Code) (Fax Number with Area Code) (E-mail Address)

I Have Have not previously applied for Compassion Dues Waiver from the Society.

Time Period for Dues Deferment: From: _____ To: _____
Month/Day/Year Month/Day/Year

May not exceed a three (3)-month time period.

Reason for Request (Applicant must be specific. If out of work, indicate last position and name of company worked for.):

Certification by Member Requesting Compassion Dues Waiver

The undersigned certifies that all statements made herein are true and, if granted a deferment and waiver of the Society dues, agrees to abide by the conditions stated herein.

Signature of Member

Date

Certification of Chapter President (or, for at-large members, Society Vice-President, Membership)

The undersigned certifies that all statements made herein by the applicant are true and requests that the member be granted a deferment and waiver of the Society dues for the period stated herein.

Signature of Chapter President (Society Vice-President, Membership)

Date

COMPASSION WAIVER OF SOCIETY DUES POLICY

Any member of ASPE may request, through the individual's Chapter President or, for the at-large member, the Society's Vice-President, Membership, a Compassion Waiver of Dues. At the discretion of the Society's Board of Directors, a Compassion Waiver of Dues may be made available to any member of the Society who has been out of work for a period of three (3) months or more or has otherwise suffered a grievous reduction in income due to illness, disability or the like and is unable to pay the annual Society dues amount.

A Compassion Waiver of Dues will only be granted for a maximum of a three (3) month increment, with a maximum amount of four (4) waiver renewals permitted. Each Compassion Waiver of Dues request must be submitted on a Request for Dues Waiver form (see following page) and the form must be signed by the appropriate Chapter President (or Society Vice-President, Membership) for each dues waiver renewal request. It shall be the responsibility of the member and the Chapter President to immediately inform the Society's Membership Services Manager or Executive Director when the condition for which the Compassion Waiver of Dues has been granted ceases to exist.

The annual dues payment for a member granted a Compassion Waiver of Dues shall be deferred during the waiver period. Furthermore, the amount of annual dues that shall be considered outstanding and due by the member at the end of the waiver period shall be reduced by multiplying the annual dues amount that has been deferred by 1 minus the decimal percent calculated by dividing the number of months of the granted waiver period(s) by 12. Each member granted a Compassion Waiver of Dues shall: continue to enjoy all benefits of Society membership; retain the rights to his/her membership number; be retained on the Society's rolls with his/her original starting membership date.

During the period that a member has been granted the Compassion Waiver of Dues, the individual will not be eligible to receive any revised or new *Data Book* volumes, the member will not be included in the chapter Delegate count for the convention and, as there are no dues being paid, there will be no dues rebate to the chapter for that member.

Sales/Marketing Opportunities For Manufacturers And Representatives And Engineers.

THE ATLANTA CHAPTER BOARD IS ANNOUNCING FOUR DIFFERENT TYPES OF OPPORTUNITIES FOR REPS AND/OR MANUFACTURERS WANTING TO PROMOTE THEIR COMPANY AND/OR PRODUCT LINES:

- 1). **NEWSLETTER SPONSORHIP:**
\$100; COMPANY LISTINGS APPEARS IN EACH OF 12 MONTHLY ISSUES.
- 2). **NEWSLETTER INSERT:**
\$125 SINGLE PAGE INSERT APPEARS IN ONE (1) ISSUE.
- 3). **MONTHLY MEETING TABLE TOP DISPLAY:**
\$100/MEETING
- 4). **ASPE ATLANTA CHAPTER PRODUCT SHOW:**
\$500/BOOTH ASPE MEMBERS
\$650/BOOTH NON-ASPE MEMBERS.

Meeting Times

TYPICALLY THE FOURTH TUESDAY OF EACH MONTH
September — May

- Social ----- 6-7 pm
- Dinner ----- 7-7:30 pm
